

**BACK TO OUR FUTURE SCHOOL IMPROVEMENT ACTION PLAN SCHOOL.....**

This sheet should be used to encourage reflection and discussion on the project work. It is designed to look at how your school will improve through the two years of the project work. It should enable you to engage the school community in active discussions around the main theme, ie, connecting the past with the future.

Is developing European Citizenship, including this particular Project, a part of your school improvement plan? (The EU would like to encourage this.)	List how you implement the project across the school community:	
How do you aim to connect the learning about the past to the way that our (local) communities should live in the future?		
How will you use the project to encourage awareness of how to develop healthy active lifestyles?		
How will the project develop exciting 'bigger learning experiences' and enterprise?		
How do you plan to use the project to engage pupils in learning a foreign language?		
How do you plan to use ICT to enhance and improve the project experience?
